operations. He has found that DIA has a number of offices which are involved in getting intelligence to the military forces during a contingency. One such office within DIA's research directorate is preparing to host a three-day conference on low intensity warfare in May. Close coordination and cooperation is envisioned between the CIPC effort and DIA's low intensity conference.

- Paul plans to attend this conference.

25X1 Narcotics Intelligence - []

- The NIO/Narcotics is continuing to canvass major intelligence consumers regarding their precise concerns with the nature and quality of intelligence collection [] He then plans to develop an interagency paper that would pull together existing intelligence on the problem and include recommendations on a more focused collection effort aimed at meeting policy and enforcement requirements.

25X1 China Follow-up Report: []

- Rich devoted the past week to China. A memorandum has been prepared for your signature to launch our follow-up effort. An organizational meeting has been scheduled for 11 March. We plan to complete this activity by April 1986 and table the report at a CIPC Meeting in May.

25X1 SDI Study: []

- During the past week, Tony drafted the TOR for the SDI study and discussed this topic with the NIO/USSR-EE.

25X1 CSEM-FIRF: []

- Willi continues to work on the technical papers associated with the Phase II development. These papers will provide the capability to identify and account for the levels of requirements satisfaction and coordination between the intelligence disciplines.
